WORK EXPERIENCE

Outlandish (TikTok Shop Agency) **Sep 2025 - Present**
Senior Data Analyst - AI Development Team *San Francisco Bay Area*

- **Many hats at a startup:** span engineering, product, data, and user support on the AI team of an agency serving 300+ TikTok Shop brands, shipping 1,600+ merged production pull requests in 7 months.
- **Data infrastructure:** replaced manual GMV and ad-spend tracking with automated TikTok API feeds and 60+ validation workflows, eliminating ~250 hours of manual work per month and lifting data accuracy from ~70% to 97%.
- **Internal products:** built the 0-to-1 creator CRM behind daily operations for 70,000+ creators and an AI planning tool that cut monthly brand planning from ~1 month to 7 days across 300+ brands.
- **AI agents:** built production agents for meeting operations, BD lead intake, and creator outreach with human-in-the-loop approvals; the agent fleet is projected to raise account manager capacity from 1-2 shops to 6-7.
- **Operations & support:** resolve 10-30 tool and data requests daily and train teams across five functions; automated a 5,000-person event's collapsed tier verification, cutting check-in from 4 hours to 20 minutes.

IntelliPro Group **May 2025 - Sep 2025**
Product Manager Intern - AI Sourcing *San Francisco Bay Area*

- **0-to-1 AI sourcing tool:** designed and drove an AI candidate-sourcing tool (job description to ranked LinkedIn shortlist), piloted in the company ATS with working recruiters and a three-engineer team, reporting to the CTO and CEO.
- **LLM evaluation:** defined evaluation standards with a weighted scoring rubric and golden-standard sets, reaching ~94% nDCG@30 and 98%+ overlap with recruiters' manual rankings; benchmarked 8+ LLMs on quality vs. cost.

TikTok **Jan 2024 - Jun 2024**
Product Manager Intern - Effect Creation Tools Team *Shanghai*

- **0-to-1 product launch:** spearheaded TikTok's next-gen effect asset library (4,000+ categorized assets) with engineering, design, ops, QA, and legal, lifting submission penetration 38% and per-user content creation 55%.
- **Pipeline diagnosis at scale:** unblocked the top-priority effect migration pipeline by diagnosing failures across ETL, QA, and ML filters, scaling throughput 400x and restoring supply to recommendations.

TikTok **Aug 2023 - Jan 2024**
Data Analyst Intern - Music User Product Team *Shanghai*

- **Data insights & dashboards:** analyzed 5M+ playlist records with SQL and Python, cutting curation time from 4 days to 2 and lifting Weekly Active Users 18%; built self-service Tableau dashboards that cut ad-hoc requests 70%.

ByteDance **Jan 2023 - Aug 2023**
Product Operation Intern - Photo & Text Community Team *Shanghai*

- **Creator growth & governance:** ran creator growth campaigns off a standardized evaluation system, lifting submission frequency 10% and vertical views 7%; built governance flagging on moderation data that cut high-risk exposure 12%.
